

St. Peter Claver

Kindergarten Homework

Week of: May 1st

Can you believe we only have 6 weeks left of school? First grade, here we come! Trike-A-Thon was a tremendous success! Thank you for all of your help and participation. St. Jude's is an incredible cause! Tuesday is our Restaurant Fundraiser at Urbane Café. I have never been, but have heard high praise. Greg & Steve is Thursday and I will email everyone on Tuesday letting them know the details. Friday is Mass at 7:30 and we have a 12:30 dismissal due to our monthly Staff Meeting. The Mother/Son event is Saturday and you need to RSVP in the office.

This week we will be working on the letter Qq. Our high frequency words this week are: them, out, up, how. It is so important that your children practice these words at home. We have only a few letters left. Can you believe it? We are almost done with the school year!

Homework for the week:

- Practice reading and writing the high frequency words. Complete the writing practice, writing each word 3 times each. On the last line, see if your child can write a sentence using one of the high frequency words. Remind them to start with an upper case letter and end with punctuation. (Kid friendly spelling is okay, but high frequency words should be spelled correctly)
- Enclosed is a phone. Write the phone number your child should know in order to reach you. Also, practice this number with them.
- Read the enclosed phonics & reading book.

Thank you for your help!

Mrs. Meyer

Journal Assignment

Dear Families,

We will once again be constructing a story of our own. Have your child pick a title, setting and characters for a story. They can draw a picture of what the cover will look like. They did an amazing job with their first stories and I look forward to reading this next one. Again, they are just to come up with the title, setting and characters for their stories.

*Please put the title and date on the page
