

Next Tech Girl Superhero 2018 Student Ambassador Program

Application Overview

The Search for the Next Tech Girl Superhero is a program that is deeply committed to engaging young women in STEM (Science, Technology, Engineering and Maths). Our program engages young women in entrepreneurship, matching them with a female industry mentor helping them to become creative problem solvers in their communities.

We are interested in engaging and supporting our student Alumni to become Tech Girls Are Superheroes Ambassadors and leaders in their communities. If you are an Alumni, we're excited to help you step into your next big role in the Tech Girls Movement community and invite you to apply to the 2018 Student Ambassador Program!

Through this program, Student Ambassadors will:

- Learn how to become effective Ambassadors through formal training and ongoing support from the Tech Girls Movement team
- Receive guidance on creating and executing action plans to engage new students in underserved communities
- Be profiled and recognized on the Tech Girls Movement Student Ambassador website
- Be eligible to apply for a second year of engagement resulting in internship opportunities and further leadership opportunities (such as training the next cohort of Tech Girls Movement Student Ambassadors)

Eligibility & Expectations

To be eligible, you must have taken part as a student in the Search for the Next Tech Girl Superhero Program between 2014-2017, be between the ages of 10-17 at the time of application, and identify as female. Please note that if you are accepted, you will be expected to undertake a virtual training with the February 2017, be committed to the program components and dates, and potentially attend an in-person conference the following summer (2019).
