**Capital Projects**

*Cree Meadows Trail – PR20002*

- There is an existing rock wall at the corner of Metz Dr./Cree meadows Dr. that was built in the right of way (ROW). A portion of this rock wall will have to be removed in order to build the new walking path per plan. The contractor and the engineer have made arrangements with the property owner to remove the portion of rock wall within the ROW and salvage the rock to the property owner.

- Additionally, there is an existing asphalt parking area at the corner of Heath Dr./Cree Meadows Dr. that was built in the ROW. The entire section of asphalt will be removed through this project and the new walking path will be constructed to plan. The property owner was made aware of this during the design of the project and has already made parking arrangements within their property.

- Next week the contractor will be installing new storm drain piping in the right of way along Cree Meadows Dr. There will be a west bound lane closure of Cree Meadows Dr. from Metz Dr. to Cortina Dr. starting Monday, September 20\textsuperscript{th} thru Wednesday, September 22\textsuperscript{nd}. The closure will take place during the hours of 7:00am-5:00pm. A detour will be set up during the closure to allow access from Cree Meadows Dr. to Mechem Dr.

**Eagle Creek Sports Complex Paving**

The Village is starting a paving project at the Eagle Creek Sports Complex. A third-party contract between the VOR and Renegade Construction was approved at the regular council meeting on September 14\textsuperscript{th}. The contractor will mobilize and start construction on Monday, September 20\textsuperscript{th} and construction is anticipated to be complete by mid-November.

**PROCUREMENTS**

**RFP 2022-001P To Solicit Offer(s) for the Purchase, or to Solicit Applications from Developers and/or Qualified Grantees for the Purpose of Selling or Development of Village of Ruidoso Owned Properties to Benefit Affordable Housing Program**

This RFP was advertised 8/13/21 with the proposals due 9/13/21. One proposal was received and is in the valuation process.

**RFP 2022-002P Professional Engineering for Watershed Projects**

This RFP was advertised 8/27/21 with the proposals due 9/13/21. One proposal was received and is in the valuation process.

**RFP 2022-003P Professional Engineering Services for Bridge Replacements**

Staff is working on this RFP for the remaining (6) FEMA bridges and is anticipating being finalized next week. Staff is also reaching out to FEMA in hopes to utilize the environmental surveys that were done for the Hazard Mitigation phase of the Sewerline Project, to help expedite Environmental Permitting.
Fire Department

- Helped Ruidoso Schools w/ Bonfire it was a great event for the community and students.
