FRIDAY FYIs
NOVEMBER 19, 2021

Airport
• Airport Received Its official inspection letter from the FAA.
• Airport personnel are working on corrective action towards inspection results.

Community Center
• The Community Center has been working with Maldonado Construction to place a wall in the Community Center’s exercise room to make a separate location to place cardio equipment in. The goal is to separate the weight machines from the cardio equipment and to get the proper floor matting in the cardio area that is being created. The wall is framed and Maldonado Construction will be placing the electrical components in the wall before it can be covered with sheet rock, taped, textured, and then painted.
• Herrera plumbing has replaced four faucets in the Community Center’s large bathrooms. The faucets were over 20 years old and although they were maintained and repaired through the years they were not working properly anymore.

Fire Department
• All 13 Cadets in the Fire Academy are doing very well during the 1st week of class and skills everything is on track
• Siren tests and sites are all up and working 100%
• Helped and participated in updating info for Emergency Response Plan
• Airport Received its official inspection letter from the FAA.
• Airport personnel are working on corrective action towards inspection results.

Forestry
• The Thinning Project at 603 Mechem is complete. There are still some piles for grapple pick-up.
• The Department is preparing to refer 160 landowners in the implementation area that were nonresponsive to any of our letters to Municipal Court the first week of December.
• The Department Director attended a Zoom meeting of the SW Collaborative Regional Exchange. The purpose of the meeting was to share ideas on engaging collaboration of diverse groups into a program to gain support. It included representatives from most of the Southwestern States and shared ideas on securing funding for projects through multiple sources.

Library
Grand Opening for the Book Exchange at the White Mountain Complex on Saturday December 4, 2021, at 10 am. More information will be forthcoming for this event. Due to the Thanksgiving holiday we will not have story time on November 24, 2021. Library Manager is in the process of getting quotes for the recarpeting of the Youth Services Department and will be coordinated to be installed sometime after the New Year begins. Installation of Envisionware Print and Computer Management software is being coordinated with Mike Bartlett of Systems MD.
**Public Works**

- New water line on Mary Drive has been tied in and is in service.
- Sewer crews installed a new sewer line on Mary Drive between Rio Arriba and Donna Anna and are now working on installing service lines to properties.

**Solid Waste**

- Bears have slowed down, but they are still out.
- Pine needles are falling, causing a lot of grapple work.
- We still have 1 refuse truck down, waiting on parts.
