Personnel Policy Review Committee met this week to begin reviewing and re-writing the personnel policies. Thanks to the committee members for taking on this task!

Library
Story time will resume on Wednesday, January 5, 2022 at 10:30 am in the Youth Services Classroom. Our new printing software was installed on Monday, December 20, 2021. We are still working on a few glitches but patrons can now print from their cell phones by downloading the Printeron app. Patrons who want to print from their personal laptops can print by sending an email with file to be printed to ruidoso-pl-cl@printspots.com for colored copies or ruidoso-pl-bw@printspots.com for black and white copies. The Library Staff wishes everyone a safe and Happy New Year!

Street Department
The Street Department got winter equipment ready this week. We also marked and one called our part of Gavilan Canyon to start cleaning ditches for the upcoming Cuttler project so it is ready to go. We will work on this as much as possible weather permitting. The permanent stop signs have been installed at Chase and Wingfield.
