### 3. Admission Arrangements for Designated Nursery Provision - 2018/19

Children will be admitted in September of the academic year in which they become four years old.

It is our policy to try and meet parents' wishes where possible. Where there are more applications than available places, admission is determined by the oversubscription criteria detailed below.

### 4. Oversubscription Criteria

If the total number of preferences for admission to a nursery age setting exceeds the number of available places, then the following order of priority will be used to allocate the available places.

- 1) Children in Care and children who ceased to be in care because they were adopted (or became subject to a residence order or special guardianship order).
- 2) Children who satisfy both of the following tests:

Test 1: the child is distinguished from the great majority of other applicants either on their own individual medical grounds or by other exceptional circumstances.

Medical grounds must be supported by a medical report (obtained by the applicant and provided at the point of application). This report must clearly justify, for health reasons only, why it is better for the child's health to attend St John's nursery rather than any other nursery.

Exceptional circumstances must relate to the choice of nursery and the individual child, i.e. the circumstances of the child, not the specific economic or social circumstances of the parent/carer, and be supported by a professional report (obtained by the applicant and provided at the point of application), e.g. social worker, justifying why it is better for the child to attend St John's nursery rather than any other nursery.

Test 2: the child would suffer hardship if they were unable to attend the preferred nursery setting.

Hardship means severe suffering of any kind, not merely difficulty or inconvenience, which is likely to be experienced as a result of the child attending a different school. Applicants must provide detailed information about both the type and severity of any likely hardship at the time of application.

- 3) Children who have an elder brother or sister in attendance at St John's Primary Academy and who will still be attending the school at the time of the proposed admission date. (For admission purposes, a brother or sister is a child who lives at the same address and either: have one or both natural parents in common; are related by a parents marriage; are adopted or fostered by a common parent or are unrelated children who live at the same address, whose parents live as partners.)
- 4) Children living within the defined catchment or cluster area of the preferred setting. Cluster areas for nursery age settings will sometimes, but not always, correspond to the catchment area for the main school.
- 5) Other children arranged in order of priority according to how near their home addresses are to the main gate of the nursery setting, determined by a straight-line measurement as calculated using the Local Authority's Geographical Information System.

Where it is not possible to accommodate all children applying for places within a particular category then the Local Authority will allocate the available places in accordance with the remaining criteria. If for instance, all the catchment area or cluster area children cannot be accommodated at a school, children who are resident within the catchment or cluster area will be arranged in order of priority according to the remaining criteria.

## **5. Additional Notes**

A map of the catchment area of St. John's Primary Academy is available on our website and a copy is available from our school office upon request.

There is no charge or cost related to the admission of a child to a school.

Applications are processed by the Staffordshire School Admissions and Transport Service, who manage the process on our behalf.

Attendance at St. John's Primary Academy will not guarantee admission to our Reception Class or give any advantage to the child's application for Reception. Parents must make a separate application for admission to Reception at the appropriate time.

In accordance with legislation, children who have a statutory statement of special educational need or an Education, Health and Care Plan (EHCP) that names a particular nursery setting must be admitted to that nursery. This will reduce the amount of places available to other applicants.

Children in Care means children who are in the care of, or provided with accommodation by a local authority in accordance with section 22(1) of the Children Act 1989 at the time of making the application.

It is the applicant's responsibility to provide any supportive information required in order for the application to be assessed against the published admissions criteria, the Local Authority will not seek to obtain this information of behalf of the applicant.

St. John's Primary Academy uses a Geographical Information System (GIS) to calculate home to school distances in miles. The measurement is calculated using Ordnance Survey (OS) data from an applicant's home address to the main front gate of the school. The coordinates of an applicant's home address is determined and provided by the Local Land and Property Gazetteer (LLPG) and OS Address Point data.

The home address is considered to be the child's along with their parent/carer's main and genuine principal place of residence at the time of the allocation of places i.e. where they are normally and regularly living. If a child is resident with friends or relatives (for reasons other than legal guardianship) the friends or relative's address will not be considered for allocation purposes.

Where parents have shared responsibility for a child, and the child lives with both parents for part of the school week, parents will be required to provide documentary evidence to support the address they wish to be considered for allocation purposes.

If a child's home address changes during the admissions process it is the responsibility of the parent/carer to inform the Local Authority (who manage the process on our behalf) immediately.

If a place is offered on the basis of an address that is subsequently found to be different from the child's normal and permanent home address at the time of allocation of places then that place is likely to be withdrawn.

If there are a limited number of spaces available and we cannot distinguish between applicants using the criteria listed, such as in the case of children who live in the same block of flats or are the result of a multiple birth, then the child or children who will be offered the available spaces will be randomly selected. This process will be independently verified.

Unsuccessful applicants will be placed on a waiting list in accordance with the oversubscription criteria stated above and not based on the date their application was received. If places become available after the offer date they will be offered to the child at the top of the waiting list. Waiting Lists will be kept until the end of the autumn term of admission.

Inclusion on our waiting list does not mean that a place will eventually become available at the preferred school.

A child's position on a waiting list is not fixed and is subject to change during the year, i.e. they can go up or down the list since each added child will require the list to be ranked again in line with the oversubscription criteria listed above.

There is no statutory right of appeal for admission to a nursery setting. Any disputes over the administration of the policy will be dealt with by the Future Generation Trust complaints policy and procedure.

## **6. Admission Arrangements for Normal Age of Entry Academic Year 2018/19**

Full time places in reception classes will be available in September of the academic year within which the child becomes five years old.

Although parents have the right to express a preference for the school that they wish their child to attend, there is no guarantee of a place being offered at their preferred school.

It is our policy to try and meet parents wishes where possible, however in some cases there may be more applications for a particular school than there are places available. The oversubscription criteria is detailed below.

## **7. Oversubscription Criteria**

If the total number of preferences for admission to a school exceeds our Published Admission Number (PAN), the following order of priority is used to allocate the available places. (N.B., after applying the oversubscription criteria, where an applicant can be offered a place at more than one preferred school then they will be offered a place at the school ranked highest on their application.)

- 1) Children in Care and children who ceased to be in care because they were adopted (or became subject to a residence order or special guardianship order).
- 2) Children who satisfy both of the following tests:

Test 1: the child is distinguished from the great majority of other applicants either on their own medical grounds or by other exceptional circumstances.

Medical grounds must be supported by a medical report (obtained by the applicant and provided at the point of application). This report must clearly justify, for health reasons only, why it is better for the child's health to attend St John's Primary Academy rather than any other school.

Exceptional circumstances must relate to the choice of school and the individual child, i.e. the circumstances of the child, not the economic or social circumstances of the parent/carer. They should be supported by a professional report (obtained by the applicant and provided at the point of application), e.g. social worker. This report must clearly justify why it is better for the child to attend St John's Primary Academy rather than any other school.

Test 2: the child would suffer hardship if they were unable to attend the preferred school.

Hardship means severe suffering of any kind, not merely difficulty or inconvenience, which is likely to be experienced as a result of the child attending a different school. Applicants must provide detailed information about both the type and severity of any likely hardship at the time of application.

- 3) Children who have an elder sibling in attendance at St John's Primary Academy and who will still be attending the school at the proposed admission date; (For admission purposes, a brother or sister is a child who lives at the same address and either: have one or both natural parents in common; are related by a parents marriage; are adopted or fostered by a common parent or are unrelated children who live at the same address, whose parents live as partners.)
- 4) Children living within the catchment area of the preferred school
- 5) Other children arranged in order of priority according to how near their home addresses are to the main gate of the school, determined by a straight-line measurement as calculated by the Local Authority's Geographical Information System.

Where it is not possible to accommodate all children applying for places within a particular category then the Local Authority will allocate the available places in accordance with the remaining criteria. If for instance, all the catchment area children cannot be accommodated at a school, children who are resident within the catchment area will be arranged in order of priority according to the remaining criteria.

## **8. Additional Notes**

A map of the catchment area of St. John's Primary Academy is available on our website and a copy is available from our school office upon request.

There is no charge or cost related to the admission of a child to a school.

Admissions are administered through a coordinated admission scheme and preferences for schools will be processed centrally by the School Admissions and Transport Service, who manage the process on our behalf. Each child will receive only one offer of a place at a Staffordshire school.

In accordance with legislation, children who have a statutory statement of special educational need or an Education, Health and Care Plan (EHCP) that names a particular school as being the most appropriate to meet the child's needs must be admitted to that school. This will reduce the amount of places available to other applicants.

Children in Care means children who are in the care of, or provided with accommodation by a local authority in accordance with section 22(1) of the Children Act 1989 at the time of making the application.

It is the applicant's responsibility to provide any supportive information required in order for the application to be assessed against the published admissions criteria, the Local Authority will not seek to obtain this information of behalf of the applicant.

St. John's Primary Academy uses a Geographical Information System (GIS) to calculate home to school distances in miles. The measurement is calculated using Ordnance Survey (OS) data from an applicant's home address to the main front gate of the school. The coordinates of an applicant's home address is determined and provided by the Local Land and Property Gazetteer (LLPG) and OS Address Point data.

The requirement for St. John's Primary Academy to meet the Infant Class Size legislation may result in the refusal of catchment area or sibling applications where a class has already reached its limit of 30 pupils. However, as an exception, we will give careful consideration to offering places above the Admission Number to applications from children whose twin or sibling from a multiple birth is admitted even when there are no other vacant places.

The home address is considered to be the child's along with their parent/carer's main and genuine principal place of residence at the time of the allocation of places i.e. where they are normally and regularly living. If a child is resident with friends or relatives (for reasons other than legal guardianship) the friends or relative's address will not be considered for allocation purposes.

Where parents have shared responsibility for a child, and the child lives with both parents for part of the school week, parents will be required to provide documentary evidence to support the address they wish to be considered for allocation purposes.

If a child's home address changes during the admissions process it is the responsibility of the parent/carer to inform the Local Authority (who manage the process on our behalf) immediately. Where there is a proposed house move taking place during the admissions process the Local Authority will only accept the revised address for purposes of allocation where parents/carers can provide documentary evidence of the move by 1 April 2018.

If a place is offered on the basis of an address that is subsequently found to be different from the child's normal and permanent home address at the time of allocation of places then that place is likely to be withdrawn.

If there are a limited number of spaces available and we cannot distinguish between applicants using the criteria listed, such as in the case of children who live in the same block of flats, then the child or children who will be offered the available spaces will be randomly selected. This process will be independently verified.

## **9. Deferred Entry to Reception Class**

St John's Primary Academy will consider requests from parents to retain a place (deleted in the preferred school) where the parents wish to defer their child's entry to a Reception Class until later in the same academic year or until the term in which the child reaches compulsory school age providing it is not beyond the academic year. The effect is that the place will be held for the child and is not available to be offered to any other child. A parent may not defer entry beyond the beginning of the term after the child's fifth birthday, nor beyond the academic year for which the application was accepted.

St. John's Primary Academy will also consider requests from parents who wish their child to attend Reception Class on a part-time basis until the child reaches compulsory school age.

## **10. Waiting Lists**

Unsuccessful applicants will be placed on a waiting list in accordance with the oversubscription criteria stated above and not based on the date their application was received. If places become available after the offer date they will be offered according to the child at the top of the waiting list.

For cases where the infant class size regulations apply, the waiting list will operate until the cohort concerned leaves Year 2.

For all other cases, Waiting Lists will be kept until the end of the autumn term of admission.

Inclusion on our waiting list does not mean that a place will eventually become available at the preferred school.

A child's position on a waiting list is not fixed and is subject to change during the year i.e. they can go up or down the list since each added child will require the list to be ranked again in line with the oversubscription criteria listed above.

Children who are subject of a direction by a local authority to admit or who are allocated to a school in accordance with the Fair Access Protocol will take precedence over those on the waiting list.

## **11. Late Applications**

Preferences received after the closing date will be considered alongside those applicants who applied on time wherever possible. Where it is not practicable because places have already been allocated, or are shortly to be allocated, then late preferences will be considered only after those that were made before this point.

A late application does not affect the right of appeal or the right to be placed on a school's waiting list.

## **12. Repeat Applications**

Parents do not have the right to a second appeal in respect of the same school for the same academic year unless, in exceptional circumstances, we can accept a second application from the appellant because of a significant and material change in the circumstances of the parent, child or school but still refused admission.

## **13. "In-Year Transfer" Arrangements**

Parents or carers seeking to transfer to St John's Primary Academy may make an application using the appropriate application form. This application will be processed in line with the procedure outlined in the determined admission arrangements and parents and carers need to be aware that any date

set for joining the St John's Primary Academy may be after the next term or half term holiday and those parents/carers are responsible for ensuring that their child continues to receive appropriate education in the interim.

## 14. Relevant Area

Staffordshire County Council's relevant area for consultation is contained within the administrative area of Staffordshire County Council.

## 15. Published Admission Numbers and Nursery Capacities 2018/19

A school's Published Admission Number (PAN) reflect the number of children to be admitted at the normal age of entry and should only be exceeded in exceptional circumstances and with prior agreement from the Local Authority.

FTE Capacity details the proposed nursery FTE capacities, where FTE is the "Full Time Equivalent" capacity and 13 FTE places is equivalent to 26 part-time nursery places.

Dfe No	School	PAN 2018/19	FTE Nursery Capacity
3145	St. John's Primary Academy	60	26

## 16. Monitoring and Review

The Future Generation Trust Board has overall responsibility for this policy and for reviewing its implementation and effectiveness. The Headteacher has day-to-day operational responsibility for this policy and must ensure that all staff are fully aware of its contents and trained accordingly.

Currently, admissions for both Nursery and Reception are managed via Staffordshire County Council. However, with effect from the academic year 2019/20, St John's will be required to manage Nursery admissions in-house. Consequently, consultation will commence shortly with a view to confirming future admission arrangements.

**Policy adopted on: 7 November 2017**

**Review Date: June 2018**
