

WNC's UNREACHED PEOPLE GROUP PROJECT

Project Number: 1029294-026

*India is one of the most ethnically diverse countries in the world with hundreds of linguistic nationalities and hundreds of different castes (tribes) residing in each state. The caste levels are based on the measure of purity to their holy scriptures. India is the second largest country in the world with 1.2 billion people. The primary religion is Hinduism. They have over 350 million gods. The state of Andhra Pradesh has a population of 53,892,000. According to the Joshua Project, there are 441 people groups of which 412 are **UNREACHED** with the Gospel. Since October of 2015, 26 of these have been reached and churches established.*

What can you do?

- Join in the vision to reach “those who have never heard!”
- Organize strategic prayer for laborers, resources and open doors.
- Give to help send missionaries to evangelize and train local leaders and workers.
- PRAY –
 - That the Holy Spirit will break the power of idolatry and superstition that are keeping the unreached bound.
 - Declare freedom from the demonic forces that rule their lives.
 - Ask God to empower the missionaries with His Holy Spirit.
 - That God will help the Churches of God in WNC to make a difference in Andhra Pradesh!
