TIER TWO REQUIREMENTS (FULL PACKAGE)

LETTERS OF SUPPORT - SELECTION CRITERIA

Criteria weighting is broken down into three components – Leadership, Participation and Contribution. These three criteria provide a consistent framework in which to describe and assess the merits of a nomination. An appropriate balance among achievements of leadership, participation and contribution is needed to support recognition of excellence.

There are three categories of measurement: 1) Profession / Career; 2) Community; 3) Personal Achievements. Areas that may be considered in the development of a package are provided below. These lists are not all-inclusive and are meant only as a thought-provoking process:

1) Profession / Career in which they are being nominated (45% Weighted)

*For the *Young Woman of Distinction*, this could include Academic Accomplishments

- Made significant contribution – i.e. changes made to standards, ideals, practices, legislation, etc.
- Brought attention to the industry/business or heightened awareness in the business world or community
- Breakthrough in a largely male industry or newer profession
- Growth or Impact in the profession/industry due to her contribution
- Professional Awards / Recognition
- Role model in the company / organization
- Breadth of experience of the individual which contributes to her excellence

2) Community (45% Weighted)

- Contributions to the community through her job
- Individual contributions (i.e. time) to charitable organizations or people in need
- Committee work (business related or volunteer)
- Community Awards / Recognition
- Role model in the community (i.e. well known, recognized as a leader/reputable)

3) Personal Achievements (10 % Weighted)

- Met a personal goal (i.e. marathon, finished university)
- Balance of life (family / profession)

Getting To Know You:

Please answer the following questions:

- What is the biggest impact you feel you have made on the world, or where you have made a difference in the life of one person?
- Why do you do what you do? What is your “why”?
- What is your goal for the future? What do you want to achieve next?
- What do you want to be remembered for?
- Who has made the biggest impact on your life and how?

The Selection Committee evaluates the nominee on the same criteria within a rating system. Each Selection Committee member is provided with a copy of the submission for review. The documents are provided to each Selection Committee member without any embellishments; that is, all items are presented in **black and white print**. At the committee meeting there is a joint review of the submissions. *Please note that the members of the Selection Committee are representatives from the community, external to the Canadian Progress Club Halifax Citadel.*
