**Services:**

**Day Treatment** program focuses on treatment, relapse prevention, and recovery for individuals with serious mental illness and addiction concerns. Day Treatment provides the consumer with the opportunity to participate in a structured therapeutic program while being able to reside in the community. Activities include, but are not limited to, group counseling, education, skill building, recreational therapy, and family services.

**Specialized Residential Services Population (SRSP)** is a long term (up to 6 months) residential program for adults with serious mental illness and or co-occurring alcohol and other drug problems. Referrals to the SRSP are received through case managers and social workers. The SRSP includes the following components: observation, monitoring and treatment twenty-four (24) hours a day, seven (7) days a week. Individual and group programming and activities are provided to facilitate recovery and assist the consumer to live successfully in the community, maintain an abstinent lifestyle, regain employment, develop and maintain social relationships, or to independently participate in social, interpersonal, community and peer support activities to increase community stability.

**Crisis Support Management (CSM)** services provide time-limited support and interventions to individuals who are in crisis and in need of necessary services, and are not linked to a case manager. The goal of the program is to return consumers who have known or suspected mental health or substance abuse diagnosis to their pre-crisis state. Services typically include assisting the individual in stabilizing community living and accessing needed services. Services are provided by crisis case managers with education, experience and training in crisis stabilization. CSM provides services throughout Oahu, Kauai and the island of Hawaii.

**Adult Drug and Alcohol Division (ADAD-ICM)** is an Integrated Case Management (ICM) program for persons with drug and alcohol problems who are under the supervision of one of four departments of the Criminal Justice
CHAMP CLINIC (Comprehensive Health and Attitude Management)

173 S. Kukui St
Honolulu, HI 96813

Phone: 423-2073
Fax: 423-3239
Monday – Saturday

Intensive Outpatient (IOP) services to all age groups and includes access to adjunct therapies that support recovery for the individual and family. We currently offer outpatient and intensive outpatient services for both adolescents and adults: an expanded array of services that include on-site assessments, co-occurring disorder case management, individual counseling, monitoring, removing patients of change, and assessment focused on services, and matching the client to the appropriate services. The intensive outpatient program meets 3 times a week for 8 hours to 24-weeks.

Pakolea ADAD Intensive Outpatient Treatment Program provides intensive outpatient substance abuse treatment services for adolescents who meet DSM IV-TR substance abuse/dependence criteria. The program uses a curriculum to teach about positive coping skills, improve self-efficacy and build social skills. Referrals accepted from parents, schools, other providers, etc. with preference given to Windward youth.

Detoxification Treatment: Detoxification is indicated when a patient demonstrates consistent, long-term abstinence and possesses adequate supportive resources (e.g., productive use of time, a stable home life). Gradual detoxification tends to be more successful than a sudden does discontinuation. For these reasons, detoxification must be undertaken on a case-by-case basis.

Case Management: Case management will enhance the scope of addictions treatment and the recovery continuum. Two reasons why case management is effective as adjunct to substance abuse treatment. First, retention in treatment is associated with better outcomes and a principal goal of case management is to keep clients engaged in treatment and moving toward recovery. Second, treatment may be more likely to succeed when a client’s other problems are addressed concurrently with substance abuse. Case management focuses on the whole individual.

Vocational Planning: Experienced counselors are equipped with proper government and community resources; and provide proper referrals to help opiate dependent patients take action & achieve their goals.

CHILD AND FAMILY SERVICE

**Honolulu Professionals Program:** Serves certified professionals working in fields such as healthcare (doctors, nurses, etc.), law, aviation, and similar professions.

**Managers Recovery Program:** Serves business professionals, education professionals, individuals with advanced degrees, and college students.

**Hilo**

**Ke Ala Pono Hilo:** Education, relapse prevention, family issues, and group and individual counseling are a part of our treatment protocol for you and your loved ones, they offer programs such as: adolescent girl’s track, adolescent boy’s track, men’s track, women’s track, and the working person’s track. (cont.)
Kaua'i

Ke Ala Pono: Adolescents, who have been identified by school staff, parents, therapists, or justice system, they learn about addiction, develop skills to prevent continued abuse or addiction, maintain healthy relationships, develop social/communication skills, increase sober activities and friendships, and address underlying issues in their family and other adolescents.

Women’s Program: Educate women on all aspects of addiction with an emphasis on healing from trauma and codependency. Their goal is to supply each woman with the tools she needs to live a sober and successful life.

MENTAL HEALTH AMERICA OF HAWAII

1136 Union Mall, Suite 510
Honolulu, Hawaii 96813
Phone: (808) 521-1846
Crisis Line of Oahu: (808) 832-3100
Crisis Line Neighbor Islands Toll Free: 1 (800) 753-6879
Email: info@mentalhealthhawaii.org
Hours of Operation: 9:00am-4:30pm

Target Group: Children, Adults, Families
Fees: call for specifics

Services:

Pono Youth Program: aims to reduce risk and cultivate resilience in the young people of Hawaii. It targets youth (ages 12-25) from high risk populations including: native Hawaiian youth, lesbian, gay, bisexual, transgender, questioning (LGBTQ) youth, youth with special needs, foster and former-foster youth, young mental health consumers, adjudicated youth, and rural youth.

Grow A Rainbow: offers resources and strategies for supporting Lesbian, Gay, Bisexual, Transgender, Questioning Youth (LGBTQ) youth and families. For the last several years, Mental Health America of Hawaii has helped community groups and schools create “safe spaces” for LGBTQ youth – programs that are welcoming and empowering to these youth. Mental Health America of Hawaii has worked extensively with GLSEN Hawaii (Gay, Lesbian, Straight Education Network) and GSA’s (Gay-Straight Alliance) in the schools.

College Mental Health Project: This project offers programs at Windward Community College and Leeward Community College to train students, faculty and staff about how to recognize and obtain help for people with mental health problems, and to reduce the stigma of mental illness by conducting campus-wide awareness campaigns.

Youth Suicide & Bullying: Bullying Prevention Toolkit which contains user-friendly data and statistics relevant to youth populations in our state; successful strategies for prevention and intervention; model programs, protocols and initiatives; and local resources. This council comprised of 50 youth statewide to generate youth leaders in every community and provide a youth voice in suicide prevention planning by the Department of Health.

Services: All services provided in a safe, inclusive, and nonjudgmental outpatient environment.

Substance Abuse Treatment:
- ASAM Level .05  Psychoeducational Classes
- ASAM Level 1.0  30 day outpatient treatment

DOT SAP services:
Include the evaluation of an employee who has violated a Department of Transportation (DOT) drug and alcohol regulation (most commonly a positive test for alcohol or illicit drugs). Recommendations concerning education, treatment, follow-up testing and aftercare regarding returning to Duty are included in these services.

DUI Assessments:
A DUI Assessment is for those persons referred by the Department of Transportation for Operating a Vehicle under the Influence. This assessment determines the level of treatment you will be required to complete in order to reinstate your full driving privileges.

Individual Therapy/Individualized Substance Abuse Treatment:
We provide trauma informed care for clients with depression, anxiety, and substance abuse challenges

THE INSTITUTE FOR FAMILY ENRICHMENT
https://www.childandfamilyservice.org/programs/
Target Group: Adolescents 12-18
Area Served: Oahu
Fees: No

Services:
- Evaluation and Outpatient: Evaluate eligibility for mental health services, coordination of services, and with treatment planning.
- Functional Family Therapy: 3-6 month family therapy treatment system provided in a home/office setting for youth ages 11-18 experiencing a wide range of externalizing behavior disorder along with family problems and additional emotional problems.
- Intensive In-Home Therapy: For the youth and families who require a higher level of care than office-based services, but do not require residential or hospital level care.
- Intensive Independent Living Skills: Youth and young adults ages 16-20 who need to work intensively on developing a range of skills to prepare for independent living.
- Together We Can: Promoting prosocial youth development activities. This project encourages youth to participate in service learning activities in a caring environment that supports drug-free lifestyle.

**Target Group:** Substance Abusers

**Area Served:** Big Island

**Services:** Yes, services may be possible without insurance/money (cont.)
BISAC envisions a community where everyone can be free to live an enriched life of health, happiness and overall well-being. Treatment is geared towards treating the individual who abuses alcohol and other drugs, with the goal of reducing the destructive effects of substance abuse on individuals and the devastating consequences on the community.

**BRIDGE HOUSE**

**www.bridgehousehawaii.org | Funded by ADAD**

**Target Group:** Adults
**Area Served:** Island of Hawaii, accepts referrals
**Fees:** Yes, services may be possible without insurance/money

**Services:**
- Clean and sober housing for up to six months. Must have a minimum of 30 days sober before beginning the program. Also provides an outpatient program. Hawaiian Culture program available. Also available: Gardening, acupuncture and vocational building program. Provides limited transportation to substance abuse treatment and doctor's appointments.

**CARE HAWAII**

**www.carehawaii.com | Funded by ADAD**

**Target Group:** Adolescents 12-18 and Adults
**Fees:** Yes, call for specifics.

**Services:**
- Day Treatment program focuses on treatment, relapse prevention, and recovery for individuals with serious mental illness and addiction concerns. Day Treatment provides the consumer with the opportunity to participate in a structured therapeutic program while being able to reside in the community. Activities include, but are not limited to, group counseling, education, skill building, recreational therapy, and family services.
- Specialized Residential Services Population (SRSP) is a long term (up to 6 months) residential program for adults with serious mental illness and or co-occurring alcohol and other drug problems. Referrals to the SRSP are received through case managers and social workers. The SRSP includes the following components: observation, monitoring and treatment twenty-four (24) hours a day, seven (7) days a week. Individual and group programming and activities are provided to facilitate recovery and assist the consumer to live successfully in the community, maintain an abstinent lifestyle, regain employment, develop and maintain social relationships, or to independently participate in social, interpersonal, community and peer support activities to increase community stability.
- Crisis Support Management (CSM) services provide time-limited support and interventions to individuals who are in crisis and in need of necessary services, and are not linked to a case manager. The goal of the program is to return consumers who have known or suspected mental health or substance abuse diagnosis to their pre-crisis state. Services typically include assisting the individual in stabilizing community living and (cont.)
accessing needed services. Services are provided by crisis case managers with education, experience and training in crisis stabilization. CSM provides services throughout Oahu, Kauai and the island of Hawaii.

**Adult Drug and Alcohol Division (ADAD-ICM)** is an Integrated Case Management (ICM) program for persons with drug and alcohol problems who are under the supervision of one of four departments of the Criminal Justice System (Department of Public Safety’s Intake Service Center, Judiciary’s Adult Probation, Department of Public Safety’s Corrections Division, Hawaii paroling Authority), who refer individuals for this service. Service is provided on the islands of Hawaii, Kauai, Maui, and Oahu. The primary purpose of this program is to rehabilitate and enable individuals to return to the highest possible level of functioning.

**Intensive Outpatient (IOP)** services to all age groups and includes access to adjunct therapies that support recovery for the individual and family. We currently offer outpatient and intensive outpatient services for both adolescents and adults—an expanded array of services that include on-site assessments, co-occurring disorder services, and matching the client to the appropriate services. The Intensive Outpatient program meets 3 times a week for 3 hours for 12-16 weeks.

| West Hawaii: P.O. Box 1808 Kealakekua, HI 96750 | 323-2664 | | | |
### CARE HAWAI'I

**Address:** 3501 Rice St. Suite 2016, Lihue, HI 96766  
**Phone:** 245-7548  
**Target Group:** Adolescents 12-18 and Adults  
**Area Served:** Kauai  
**Fees:** Yes, call for specifics

**Services:**

- **Day Treatment** program focuses on treatment, relapse prevention, and recovery for individuals with serious mental illness and addiction concerns. Day Treatment provides the consumer with the opportunity to participate in a structured therapeutic program while being able to reside in the community. Activities include, but are not limited to, group counseling, education, skill building, recreational therapy, and family services.

- **Specialized Residential Services Population (SRSP)** is a long term (up to 6 months) residential program for adults with serious mental illness and or co-occurring alcohol and other drug problems. Referrals to the SRSP are received through case managers and social workers. The SRSP includes the following components: observation, monitoring and treatment twenty-four (24) hours a day, seven (7) days a week. Individual and group programming and activities are provided to facilitate recovery and assist the consumer to live successfully in the community, maintain an abstinent lifestyle, regain employment, develop and maintain social relationships, or to independently participate in social, interpersonal, community and peer support activities to increase community stability.

- **Crisis Support Management (CSM)** services provide time-limited support and interventions to individuals who are in crisis and in need of necessary services, and are not linked to a case manager. The goal of the program is to return consumers who have known or suspected mental health or substance abuse diagnosis to their pre-crisis state. Services typically include assisting the individual in stabilizing community living and accessing needed services. Services are provided by crisis case managers with education, experience and training in crisis stabilization. CSM provides services throughout Oahu, Kauai and the island of Hawaii.

- **Adult Drug and Alcohol Division (ADAD-ICM)** is an Integrated Case Management (ICM) program for persons with drug and alcohol problems who are under the supervision of one of four departments of the Criminal Justice System (Department of Public Safety’s Intake Service Center, Judiciary’s Adult Probation, Department of Public Safety’s Corrections Division, Hawaii paroling Authority), who refer individuals for this service. Service is provided on the islands of Hawaii, Kauai, Maui, and Oahu. The primary purpose of this program is to rehabilitate and enable individuals to return to the highest possible level of functioning.

- **Intensive Outpatient (IOP)** services to all age groups and includes access to adjunct therapies that support recovery for the individual and family. We currently offer outpatient and intensive outpatient services for both adolescents and adults—an expanded array of services that include on-site assessments, co-occurring disorder services, and matching the client to the appropriate services. The Intensive Outpatient program meets 3 times a week for 3 hours for 12-16 weeks.

### CATHOLIC CHARITIES HAWAI‘I

**Address:** 3016 Umi St. Suite 207, Lihue, HI 96766  
**Phone:** 241-4673  
**Fax:** 632-6919  
**Walk-in hours:**  
- Mon-Thurs 9:00am – 12:00pm; other times by appointment.

**Services:**

- **Community Assistance Program:** Provides limited financial assistance to families facing temporary financial hardship. Provides assistance with urgent housing needs (rent, deposit, utilities) and small gap needs (bus passes, school uniforms, or safety gear for work). Requires the completion of a brief financial literacy course.

- **Statewide Resource Families Program (SRF):** This program provides parenting training to new kinship resource caregivers (foster families who know the child/children they have taken in and requires a referral from the DHS Foster Home Licensing Unit.

- **Medication Management Program (MMP):** provides medication management training to elders and caregivers through scheduled events in the community.

- **Office Support Services:** at no charge to low income folks during walk-in hours. This includes use of the telephone for a limited time for job or housing search, and copies of necessary documents.

Veri-5 is a personal drug screen collection kit that can be used confidentially in your own home. Collect a urine specimen in the provided container with a confidential PIN number, and drop it off at the closest DLS satellite lab for accurate and confidential testing. Call 589-5282 the next workday morning, provide your PIN number and receive the results confidentially over the phone.

- Use for a personal drug test or to test a family member. Veri-5 tests for five popular street drugs: amphetamines “crystal meth” or “ice”, cocaine, marijuana, opiates and PCP.
- Provides you accurate laboratory drug testing without a physician request.
- Have an experienced laboratory run your test. No kit to figure out, interpret, and wonder if the test is accurate.
- Results given by confidential PIN number over the phone.
- NOTE: Veri-5 results are not intended for medical, workplace or law enforcement purposes.

Veri-5 is available at all DLS Satellite Locations.

If you are concerned about a family member that may be abusing either illegal or prescription drugs, please consult your family physician.
