

PERRY FOR DISTRICT 10

Dear District 10 voters,

May 23, 2017

Our collective terms representing District 10 span more than 25 years, and each of us remain active in District 10 and the City of San Antonio. While we do not always agree with one another on every policy or political argument, we are unified on one critical front. District 10 must have strong capable leadership that reflects the values of District 10.

Ret. Lt. Col. Clayton Perry is that leader. Perry has a long and sterling record of leadership in the military, in business, and in the City of San Antonio. He has proven his commitment to District 10 through years of service in his Neighborhood and the Northeast Neighborhood Alliance. His professional engineering and military background will be much needed assets on City Council. And while he respects the nonpartisan role of a councilman, his conservative values best reflect the majority of citizens in District 10.

As you consider your choice in this runoff election, we hope that you will find value in our shared thoughts. We have each held the position, understand the demands of the job, and know what is at stake for both our District and the City of San Antonio. Ultimately, you the voter, will make the decision and we encourage you to learn more about Claytons campaign.

The runoff election will be held June 10, and we urge you to take advantage of early voting May 30th to June 6, 2017.

Sincerely,

Councilman Mike Gallagher

Former Councilman Carlton Soules

Former Councilman John Clamp

Former Councilman Jimmy Hasslocher

Former Councilman Lyle Larson

Former Councilman Jeff Webster
