

Project Access - Sharing the Gift of Healing in 2016

Since 2004, physicians, hospitals, health centers, and other partners have donated their care and services to 13,700 of our uninsured neighbors. Lives have been saved, health has been restored, and many people have been able to continue working and supporting their families because their health crisis was averted.

These wonderful partners have donated more than \$148 million of health care services through Project Access. The program has also directed more than 9,600 individuals to other community resources.

We give thanks to these wonderful individuals and organizations who provide direct care to our patients, and to the generous individuals and companies who have supported Project Access program operations.

SPONSORING ORGANIZATION

Chattanooga-Hamilton County Medical Society and Medical Foundation of Chattanooga
1917 E. Third St
Chattanooga, TN 37404
423-826-0269 (Project Access)
423-622-2872 (Medical Society and Foundation)
