

FOR IMMEDIATE RELEASE

GDatPLAY, INC. P.O. BOX 486 GROTON, MA 01450

January 24, 2018

GDatPlay, Inc., a 501(c)3 Non-Profit Educational Foundation dedicated to renovating community playing fields at the Groton-Dunstable Regional High School in partnership with the GDRSD announces their 2018 Community “Brick Benefit” Fundraiser and invites the community to “Come Be A Part of It!”

100% of the proceeds will go toward the GDRHS Main Stadium Field Renovation Project. GDatPlay has a goal of garnering 1000 donated bricks. Jumbo and regular size brick pavers can be inscribed with a dedication with donation of \$400 and \$200 respectively. GDatPlay members stated “with over six decades of alumni involved, we are excited to get even more alumni, veterans, families, and businesses included and represented in the project through this year’s Brick Benefit Community Fundraiser.” All donated bricks will be used to build a dedication entryway to the GDRHS Main Stadium when the field renovation is completed.

GDatPlay would like to thank Roberta Erikson and Nancy Olson, both of whom are former GDRSD School Committee members, GD alumni mothers, and Groton Woman’s Club members, for volunteering to lead the design of the brick entryway. Several community groups will be brought together to work on the project. In addition, local businesses have committed to donating their labor to install the bricks. GDatPlay members stated “this final touch on the renovated main stadium field will exemplify the community support for the field renovation project for generations to come.”

Bricks can be donated by mail with GDatPlay’s Brick Benefit postcard form which will be mailed to all Groton and Dunstable households, will be available at all school offices, local businesses and town offices, and on our GDatPlay FaceBook page. Bricks can also be donated online at [www.GDatPlay.net](http://www.GDatPlay.net).

A 25 year community asset, the GDRSD Main Stadium Field Renovation Project is being 100% privately fundraised by GDatPlay and has an estimated \$1.2M initial build cost (plus contingencies). GDatPlay has the goal to raise \$300K from Brick Benefit Community Fundraiser by May 2018, adding to over \$450K raised in 2017 from private community “Donor Wall” donations and the ’17 Spring Mixer. GDatPlay is currently engaging with businesses for “on field” sponsorship to round out all initial build funding. GDatPlay’s technical work during 2017 included securing the field renovation permitting, engineering and specifications (Gale Associates), and build contractor (RAD). The project will commence when all initial build funds are in place. Additionally, GDatPlay committed to the GDRSD to raise funds for the replacement carpet (needed in year 12 or 13).
