

## **Turf Grass Tips**

### **Watering**

- Between 2 am to 10 am
- When grass blades begin to fold lengthwise
- Footprints are left on the grass

### **Mowing**

- Leave clippings on the grass
- Do not mow when grass is wet
- Keep mower blades sharpened

### **Fertilizing**

- Fertilizer is not lawn food
- When a little is good, more is NOT better!
- Do not apply before April 15
- Know the square footage minus house, driveway, and walkways
- Know the annual fertility needs of your grass species
- ALWAYS follow the directions on the bag!
