### AN INTERNATIONALLY RENOWNED LECTURER & SPEAKER

Kostya is a world-famous teacher and lecturer, presenting at seminars for thousands of magicians across the world. His books and DVDs have been translated into multiple languages. In 2006, Kostya was the youngest magician to appear on the cover of *MAGIC Magazine*—a leading industry publication. The famous Magic Castle in Hollywood, CA has said that Kostya is "transforming the art of close-up magic." Along with multiple first place awards, in 2015 Kostya performed for the Las Vegas duo, Penn & Teller on their hit CW TV Show, *Penn and Teller: Fool Us*, with an original piece of magic using an ordinary deck of playing cards. You have to see it for yourself to believe it!

*"What Kostya does is amazing, and it makes a meaningful impact on our clients. We want to bring him to every event we do because he makes us look good, and that's the icing on the cake."* —Donna Barnard, CPS Meetings & Incentives

### PERFORMING MAGIC WITH A SOPHISTICATED TOUCH

Whether on stage or one-on-one, Kostya engages crowds with ease, creating a warm and welcoming atmosphere. Professional and polished, Kostya's performances are requested again and again. This is why Kostya has been invited to perform magic for Medal of Honor Recipients at the Presidential Inaugural Ball in Washington D.C. While he mingles with guests at a reception, amazing them with jaw-dropping magic, what he's really doing is building relationships and creating a fun and friendly atmosphere throughout the crowd. Kostya engages and entertains with clean humor and interesting presentations. People love the participation and they love being fooled by a gentleman.

*"What a sensational hit you were at the Presidential Inaugural Ball! Thank you for providing such warmth and grace to accent your marvelous talents. Many of our guests are still telling us what fun they had! Please let this be my fair warning to anyone that should they ever get a chance to see you, they are dealing with a world-class entertainer! Absolutely incredible!"* —Peter G. Executive Director, American Legion, Washington D.C.
