

Megasun 5600

Megasun 5600 description

Powerful, striking, distinctive in character – experience the unique spirit of the megaSun 5600.

Self-confident and energetic – striking and precise: that is the new megaSun 5600. Its proportions are dynamic and powerful, yet it remains elegant in the details. The appearance of the front panel with the dynamic LED edging in the fourSeasons color play is both stimulating and fascinating. With its spacious interior, the megaSun 5600 gives you a feeling of freedom.

Flowing transition from outside to inside: A bold line flows over the canopy to the interface between user and solarium. The innovative reflectors for an even better power distribution, the multi-function display, clearly arranged instruments:

Clear forms, clear statements. Technological perfection!

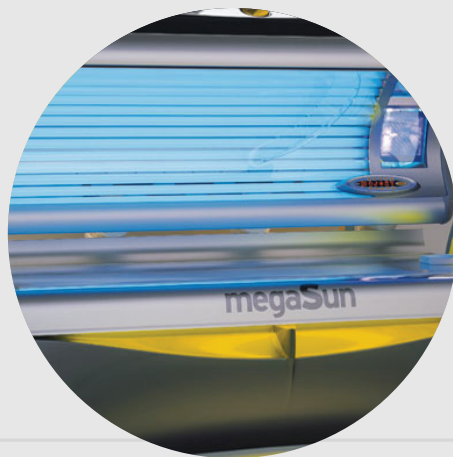

megaSun has achieved an overall appearance of quality with the 5600.

The independent, flowing design is the foundation for an entirely new future generation.

Other aspects include

- **Exhaust air duct**
- **Exhaust air hose (Ø 300mm, white, length 3m, 2 hose clamps)**
- **Thermostatic cabin temperature controlling**
- **Sound System**
- **Power Package (aquaCool, aircon, aroma)**
- **megaTimer**

Megasun 4000
