UECPC

Image Review & Comment Night Guidelines

The Image Review & Comment Night will give UECPC members an opportunity to receive feedback on their images from outside reviewers in a non-competitive environment. The reviewer will provide comments on each picture on its own merits; it will not be compared with or against other images.

RULES:

Each member may bring in three (3) prints for review and comment by an outside reviewer.

Prints must be no smaller than 8x10 and no larger than 16x20.

Prints SHOULD be mounted - matted, and framed if desired but it is not required.

Subject matter is open.

Members must contact the Program Director by phone or email by the Friday preceding the scheduled meeting if interested in participating. This is to permit development of a schedule that will allow each participant equal time.

FORMAT OF PROGRAM:

Each member will be allowed a 5-10 minute review period. Actual time for each member will be determined by the number of participants.

Program Director will be responsible for monitoring time of each review.

The member will place his/her prints on easels for viewing by the club and reviewer. The reviewer will spend several minutes commenting on each individual print. Other club members will refrain from commenting on the images until the reviewer is done. Members may ask the reviewer questions to clarify a comment.

If time allows, the floor will be open to discussion among the members and reviewer(s).
