Every month a group of Urban Ecology Center Photography Club (UECPC) members meet to have dinner, some photo talk and then head out to take photographs. The group usually meets on the third Thursday of the month, but it could change depending on the weather or availability. The locations also change every month, this provides people a variety of places to photograph in the evening. Many photographers do not venture out after dark. For the Night Riders, it’s a perfect time to develop night photography skills. Summer months are usually spent outdoors, as the temperature drops you could find them indoors or outdoors.

For August, Night Riders was held on Thursday, August 17. Five members met at the Milwaukee Public Market for dinner. After enjoying a nice meal and conversations, the group ventured out. The skies started out a bit cloudy, but the clouds cleared and we had a perfect night for walking up and down Wisconsin Avenue. We stopped at a number of the sculptures installed for the summer on Wisconsin Avenue. Some held our interest better that others, but ever sculpture had its picture taken. An unexpected photo opportunity was the newly completed Northwestern Mutual high-rise. The building was getting ready for its grand opening, so the lights were glowing and offering a variety of angles to photograph. Not only was the building interesting to shoot, the surrounding gardens and walking paths were lit up. Other buildings in the area also had a glow about them. After enjoying the area, the group ventured back to the starting point taking a few images along the way.

PSA Report
Priscilla Farrell

Currently I am the UECPC representative for the Photographic Society of America. (PSA) When I took over the duties in 2015 I wrote several articles for this newsletter. This note is similar in that I would like to introduce PSA to our newer members and refresh information to long time members.

The following is just a little background information. PSA has been in existence since 1934. It is an international organization with a total of over 80 member countries. In the US there are twelve PSA Chapters of the Society. Our area is the Wisconsin Chapter. In addition to Chapters, there are clubs, councils/federations.

PSA offers both individual and club memberships. UECPC has a membership in PSA and we participate in some of their offerings.

As an individual there are many benefits of a PSA membership. They offer online courses, mentors, consultants, image evaluation, study groups, special interest groups and competitions, if you so desire. In addition PSA members receive discounts on photo-related products and services. Also, a monthly journal and an annual conference are among the numerous benefits. The 2017 Conference is being held in Pittsburgh, PA from October 8th through the 14th. Check the website for additional information.

PSA website is:  http://www.psa-photo.org

At our September meeting we will be viewing images of the 2016/2017 Club Showcase. The presentation consists of the three top scoring clubs in Wisconsin. A total of twelve clubs entered the showcase last year. UECPC was one of the clubs.

Submissions for the 2017/2018 Wisconsin Club Showcase is underway. Each participating club can submit seven images. We can submit our seven images as soon as gathered.

BUT, I need to have submissions by September 21st. Please see the requirements listed below.

Images should be in a JPEG format, less than 1MB file size, a maximum of 1024 W x 768 H, 100 PPI. Note: Please, size correctly and title your image.

You may email your submission or questions to: mspfarrell@att.net
