WE'RE MOVING!

Totem Star is honored to have been selected by the City of Seattle and The Cultural Space Agency to build a new recording studio for the next generation of young recording artists at historic King Street Station!

We'll be sharing the second floor with a few other youth arts organizations, and we’re so proud and grateful to be working with some amazing partners to make it happen.

WHY THE MOVE?

STATE OF THE ART STUDIO
A new professional recording studio for our region’s youth will provide more access to high quality equipment and recording spaces for our artists and mentors.

CENTRAL LOCATION
A more centralized location near public transportation will create better access for our youth. We currently have artists joining us from all over the region to use our space!

MORE SPACE
The new studio at King Street Station will provide 8 times more space to serve our youth, and will include common areas for group gatherings, multiple studios for learning and practicing recording skills.

JACKSON ST MUSIC LEGACY
Historic King Street Station is located on South Jackson Street, where historically Black-owned jazz clubs used to thrive. With this legacy in mind, we’re humbled to re-center a musical culture at this location.

Hey Totem Star Family,

Take a deep breath. Feeling alright? We hope you feel good because WE MADE IT. We made it through the beginning of quarantine, through the peak of the pandemic, and we are continuing to reimagine safe and sustainable ways to continue the important work we do here at Totem Star. And the beautiful thing is, all of you have played a part in it—the parents who lent their kids their laptops to work on music, the donors who support our mission, our amazing staff and artist mentors, and our young artists who each contributed in an invaluable way...and persevered. This annual report is a celebration of our collective creativity and resilience. We’re so glad you’re here to mark this moment with us.

As we continue to live through extraordinary times, we see that challenges and hardships can sometimes reveal so much that we can be grateful for. On March 9, 2020, The Studio had closed at Youngstown Cultural Arts Center in response to the pandemic and the very next day, we moved and launched our programming online! Over this past summer, as pandemic restrictions started lifting, our family worked hard to prioritize community safety so that we could reopen in-person sessions at Youngstown. In Spring 2022, The Studio reopened with outstanding safety protocols and we’ve since had over 100 successful in-person sessions.

Having celebrated our 12th birthday on July 5th, 2022, we are excited about celebrating our 13th at our new home at King Street Station! As we’ve been growing in the number of youth we serve throughout these past 12 years, we have dreamed of finding a space that can provide our artists with higher quality access to resources, creative space, and a more central location.

Through a model of community, respect, and life-long learning, our artist mentors continue to inspire us with their love and support, providing our young artists with the tools they need to develop their artistic voice. Through this cycle of music mentorship, many young artists are seeing the value of community care, taking on leadership roles within the organization, such as becoming assistant program coordinators or interns, and we know that we’re headed in the right direction when youth voice is centered.

We’ve come a long way! We survived 2020, stayed alive for 2021, and we plan to thrive in 2022!

Aleyanna Grae (they/she)

MISSION

Totem Star supports a diverse community of young recording artists learning music and life skills through mentorship and meaningful relationships. Our work in the studio and on the stage fosters growth in collaboration, leadership, and self-identity.

VISION

Totem Star envisions a more just society where all young people have access to music learning opportunities and youth voice is championed in support of healthy, engaged, and productive young people using music as a universal language.

FRONT DOOR SESSIONS

Front Door Sessions offers rare one-shot performances of youth artists and artist mentors filmed outdoors born during 2021 amidst the pandemic. Front Door Sessions is a project conceptualized, filmed, and edited by Artist Mentor / Cinematographer / Director Momma Nikki.

LAVENDER SESSIONS

Lavender Sessions is a space for young artists of marginalized genders, including women, non-binary folks, and trans men ages 14-25 of Totem Star to convene together to share music and stories, and provide mutual support and care for one another. Our gatherings range from self-defense workshops to holding discussions regarding self-care and sustainment.

TLC (TOTEM STAR LEADERSHIP COLLECTIVE)

Totem Star Leadership Collective is a youth advisory board that provides valuable insight into Totem Star’s programs, structure, policies, and communications while also gaining leadership experience and knowledge of the inner workings of nonprofit governance.
THE STUDIO

The creative heart of our programming, where our artists book weekly studio sessions (now in-person and online) with Totem Star artist mentors and collaborate with their peers to work on songwriting, vocal technique, beat making, movement, business, and more.

THE STAGE

Quarterly series of open mic nights and bi-annual youth arts showcases open to the general public where our artists perform their original music and learn about live performance in the process.

MUSIC EQUIPMENT LIBRARY

Since the start of the pandemic, Totem Star has created a music equipment library where our artists check out musical and recording equipment and can receive guidance and support in setting up their own home studio.

ARTIST BOOKING

Performance opportunities in the community with organizations such as the Seattle Art Museum and Seattle Center. Totem Star books and manages contracts for our artists. We are able to either advocate for and negotiate fair pay from partners or pay our artists directly.
86% of our artists worked on 8+ songs in 2021.

24 singles, 3 EPS, 3 albums.

# of releases by artists in 2021.

7,600+ (includes in-person and online).

# of total audience.

1,000+ hours.

# of hours of programming.

10.

# of home studios we helped our artists build.

WHAT TOTEM STAR MEANS TO US

“Totem Star had a huge impact on my life over the years. They’ve shown me how important arrangement was in music and allowed me to evolve in their space for free. They give every artist performance opportunities and are supportive of everyone in the group.”

- KIDDUS FECTO
  (HE/HIM)

“Totem Star has done so much for me, I don’t even know where to start. During the pandemic I was feeling so lost without my music community surrounding me. I was sad that I couldn’t perform at live shows, and I felt so stuck. I joined Totem Star, and immediately that changed. I attended Lavender Sessions monthly and made many new friends, and began to connect with music again. I am so thankful for all Totem Star has done for me, and I can’t wait to start sharing my music with everyone again!!”

- DELPHINE ELLIOTT
  (SHE/HER)

“Totem Star has changed my life. It has helped me pursue my dreams of being a musician as well as bringing me into a community full of diverse voices that values who I am. Totem Star allowed me to find myself, which I am eternally grateful for.”

- YUNG FUEGO
  (HE/HIM)
“Working with Totem Star was the first time I felt empowered to work on my craft as a musician and felt genuine support from anyone in regards to my music career. Without Totem Star, I don’t know when I would’ve been given a chance to show my talents as a singer/songwriter.”

- SATURN STAR
  (THEY/THEM)

“Totem Star taught me that you don’t need any crazy big production or complicated process to make music. Music can be made in the comfort of your own home, in a small studio with your homies, or even recorded on a voice memo on your phone. Totem Star was my first ever experience in a recording studio, my first ever experience in a jam session, and the first music community that inspired me to explore who I am as an artist. I am so grateful to Totem Star for how accepting they are of artists - no matter what skill level they are or where they come from. Totem Star is truly one of the safest spaces I have ever been in and I know that will never change.

- FRESA
  (SHE/HER)

“We need more programs like this out in the world for young artists & performers. Totem Star is the start of my music career & I will always be happy to tell anyone of how my story with Totem Star started. I will always remember Pak, Thaddeus, and Paul being there with me on my first recording session & they were all trying to convince me to just RAP. FEEL. BE. Don’t let anything unnatural unbalance you because you are the spirit of your voice.”

- VRHILIO
  (HE/HIM)

WE LOVE YOU, FAMILY!

We are honored to work with such brilliant and inspiring young artists every single day. To be able to witness the growth of our young people not just as artists, but holistically as people, it is a privilege to be a part of their journey.

It is with your help, love, and support that we are able to continue to create and empower our young people through our programming.

Thank you for helping to build our next generation.
