Scott Drone-Silvers presented the current budget recap and spoke of his planning assumptions for developing the FY14 budget. He explained he prefers to budget projected income conservatively so that there are no unpleasant surprises.
B. September meeting planning
The September meeting will be at Allerton on September 26 and 27. The purpose of the retreat was discussed. Some wanted to use the meeting to expand attendance beyond the appointed delegate, others wanted to use this as an planning meeting, or as an administrative professional development opportunity.
