## 15<sup>th</sup> Hawai`i International Summit on Preventing, Assessing & Treating Trauma Across the Lifespan

April 16-19, 2018

Hawai`i Convention Center, Honolulu, HI

The goals of this Summit are to present the latest research, prevention, assessment, and intervention techniques concerning various aspects of child, adolescent and adult trauma and maltreatment as well as the long-term effects if they go untreated. Plenary and breakout sessions discuss the types of child, adolescent and adult trauma, the dynamics of maltreatment and trauma at home or in the community, and the effects on children, adolescents, and adults psychologically, behaviorally and neurodevelopmentally. Nationally and internationally recognized presenters and local practitioners come together to discuss the latest research, assessment methods, interventions, and prevention strategies for children, adolescents and adults who have been traumatized, abused, and/or victimized. Application of current research information and practical techniques are emphasized throughout this Summit.

## VOLUNTEER

Volunteer opportunities for the Summit provide important ways to be integrally involved in a major training event, focusing on vital issues around trauma and abuse for both professionals and consumers. Networking with a unique gathering of researchers, prevention, assessment and intervention experts is a unique opportunity. Be assured that IVAT could not successfully produce the Summit without the dedicated support of valued volunteers, who provide clerical, customer service and hands-on assistance at every level. We look forward to working with another committed, flexible and patient group.
