#WalkWednesday participants spoke at public planning sessions giving input to improve pedestrian safety in downtown Chelsea.

The Community Enhancement Team transformed a dumping ground by planting sunflowers, signaling to all that this neighborhood is one that is tended.

“The most precious metal is not gold or silver — it is the key to your home.”
Michael Marks, TND Resident
VITA, free tax prep, ensured 860 clients accessed all the tax credits available, and it brought in $1,916,181 in refunds to residents.

In 2017, 52% of 318 coached clients made gains to income, with a median annual gain of $9,286.

In 2017, 287 people were placed into new jobs with an average hourly wage of $16.09.

In 2017, 115 coached clients increased their credit score by a median of 33 points. And 39 clients went from unscored to scored with a median credit score of 677.

Crime dropped steadily since the beginning of Thrives in 2014. Violent crime decreased by 31%. Property crime decreased by 37%.

Community surveys show that over time, residents feel safer in neighborhoods abutting downtown. Improving sense of safety in the downtown is the next goal.

In 2017, 593 community members and 70 institutions participated in Thrives.

“Interesting to put your financial health in order, because if you don’t have it in order, you’re not in order.”

Pamela Mims, CONNECT Client

“During 2017, TND and Nuestra Comunidad built the foundation for Opportunity Communities LLC, (OppCo). It is a new nonprofit that serves as joint venture operating company for community development organizations. It leverages the unique talents of its member CDCs while realizing efficiencies associated with scale.

OppCo solves a fundamental, structural challenge for a community development corporation: retaining local focus, assets, and control while benefiting from the efficiency and effectiveness of a larger scale entity.”
