This job announcement is for a Real Estate Project Manager for The Neighborhood Developers, one of OppCo’s founding members and partners. OppCo partners provide stable homes in our communities and neighborhoods, which serve as a foundation for thriving families and individuals. Our homes and neighborhoods promote healthy families as well as work, economic, and educational success.

Opportunity Communities, LLC (OppCo) was created as a fresh and innovative business model that solves a fundamental structural challenge: retaining local control of resources and assets, that are continually reinvested back into the community, while benefiting from the efficiency and effectiveness of a larger scale entity. Please use following link more detailed description. www.oppcommunities.org.

The Neighborhood Developers (TND) is a community development corporation based in Chelsea and serving Chelsea, Revere, and Everett. TND’s mission is to bring its core strengths – building homes, engaging neighbors, and fostering economic mobility – to community partnerships that create great neighborhoods where all people can thrive. TND has a real estate portfolio of about 425 homes and about 20,000 sq. ft. of commercial space in Chelsea and Revere. TND also has a development pipeline of about 350 homes, including new construction and renovation, in a range of projects that mix uses, incomes and styles to meet community needs.

The Real Estate Project Manager is responsible for all aspects of assigned real estate development projects. The Real Estate Project Manager will report to the Director of Real Estate. The Project Manager shares OppCo’s and TND’s high standards for community investment, and demonstrates an interest in testing new models and approaches with an emphasis on results. The Project Manager manages multiple priorities and assignments in a fast-paced environment. They have strong analytic and organizational skills, initiative, and persistence, and work well independently and as part of team.

**Essential Job Functions and Responsibilities:**

With direction and support from the Director of Real Estate:

- Identify and research potential sites for acquisition; assist with securing site control.
- Conduct project feasibility analysis and due diligence, and develop recommendations on business decisions for senior staff of agency and OppCo.
- Assemble and manage development team, including design, construction and development consultants; negotiate contracts and coordinate development team throughout the development process.
- Coordinate permitting with municipal officials, legal counsel and architects; manage community process with real estate and Community Engagement staff.
- Identify funding and investment opportunities, and prepare financing applications and other materials required to secure commitments.
- Coordinate closings and property acquisitions with funders/lenders and legal counsel.
- Select and implement appropriate construction management approach on project-specific basis; manage and oversee the approach selected.
● Monitor project progress including schedule and budget variances.
● Prepare requisitions and reports required by funders, investors, and internal management.
● Coordinate project marketing/occupancy in conjunction with property management staff.
● Participate in cross-team work to implement the organization’s mission.
● Additional project management activities as required.

Non-Essential Functions

● Assist in planning and developing processes, policies, and procedures that will improve real estate department’s overall performance.
● Assist in planning the department’s annual and five-year strategic plans and other related organizational documents.
● Attend networking events on behalf of OppCo and TND, and represent OppCo and TND at community and industry meetings.
● Perform other tasks related to cross-team projects within TND.

Work Requirements and Qualifications

● 3+ years of experience in real estate project management, finance, or construction management preferred.
● Master’s Degree in a relevant field preferred.
● A combination of relevant professional experience and education may be considered.
● Excellent written and verbal communications.
● Strong analytic skills.
● Quantitative skills, and interest in working with numbers and budgets; experience with federal Low Income Housing Tax Credits and other financing sources of affordable housing is strongly preferred.
● Computing skills, including experience with MS Excel, Word and PowerPoint; experience with GIS and Adobe Design desirable.
● Ability to organize work, work independently, problem-solve, and be persistent is essential.
● Demonstrated ability to manage productive relationships with development team members, public officials, funders and lenders, other staff, and the community.
● Bilingual (English-Spanish preferred.) Proven experience building trusting relationships across race, ethnicity, class, and generation. Prior personal or professional experience in agency’s geographic area is a valuable asset.
● Willingness to work a flexible schedule, including occasional nights.

Physical Requirements

● Ability to navigate an active construction site safely.

The physical demands described are representative of those that must be met by an employee to successfully perform the essential functions of this job.

Qualification Requirements:
To perform this job successfully, an individual must be able to perform each essential function in a satisfactory manner. The requirements listed above are representative of the knowledge, skill and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
