INTRODUCTION

The California Association of Educational Office Professionals sponsors a Professional Incentive Program (PIP) to assist members in their quest for personal and professional excellence. The comprehensive scope of the PIP Program will provide opportunities for acquiring, expanding and balancing general knowledge, technical expertise and personal enrichment.

Achievement in each level of the PIP is recognized by the awarding of a certificate and a special pin to be worn signifying the level of accomplishment in each track as described below. See "Certificate Presentation" for additional details regarding the presentation of certificates.

There are now **two** ways to earn your Professional Incentive Program certificate! Track One or Track Two (previously Level I or Level II). Each track includes five levels of accomplishment and the applicant is qualified for one or more of the following Professional Incentive Program certificates:

Basic Professional – Associate Professional – Associate Professional II Advanced Professional – Master Professional

Membership in the California Association of Educational Office Professionals (CAEOP) is not a requirement; however, it does provide additional opportunity to qualify for each level.

TRACK ONE provides levels of recognition for those individuals who are pursuing a degree or course work through online courses, vocational classes, or college/university classes. Successful completion of a college degree or course work in adult school, community college, university, correspondence or online classes in accredited institutions, and/or seminars taught by a credentialed instructor will be credited. Successful completion of a college degree or the specified minimum number of college units, along with work experience and professional activity, will earn the applicant various certificate levels. Credit will given for professional responsibilities and in-service completed, or in process, during the last five years.

TRACK TWO is based on your years of work experience, in-service completed and association responsibility. Certificates will be issued based on your level of completion in each area.

If you have previously earned your certificate in Track One (previously Level I) you may now qualify for an upgraded certificate in Track Two.

CERTIFICATE PRESENTATION

The recipients of the Professional Incentive Program Certificate may select the event where their certificate will be presented. A letter of special recognition will be mailed to the recipient's administrator, supervisor, or designated individual advising of the completion of requirements and extending an invitation to attend the function where the certificates will be awarded. A duplicate certificate may be issued upon request and will be marked "duplicate
