All units will wrap up to 50 sides per hour. Approximate shipping weight is 1,000 lbs. to 2,000 lbs.
Pay only for what you need.
Extremely affordable.
Quick turnaround.
Adapting without overspending.

Featuring Allen Bradley variable frequency drives:
- Easy set-up
- Accurate speed control
- Easy digital readout
- Excellent repeatability of settings
- Maintenance free

Superior features that are just plain SMART
- Larger diameter heavy-duty turntables
- Larger weight capacity machines
- Enclosed dual #50 carriage lifting chains for increased safety
- Enclosed carriage lift motor for better protection
- Side-mounted carriage for optimal film delivery
- Quick disconnect throughout for ease of installation and maintenance
- NEMA 4/12 panel enclosures

For every need, there’s a SMART solution

Need:
A basic stretch wrapper that can wrap 80” high loads.
SMART solution:
Model SML-150-B
A 58”, 4,000 lb. capacity octagonal low-profile turntable equipped with a 80” wrap height tower, 20” NO-THREAD® powered pre-stretch carriage and basic control panel.

Looking for a SMART stretch wrapping solution?
The SMART™ machine has been designed to allow you to:
- Upgrade the control panel at any time
- Upgrade the base at any time
- Upgrade the carriage at any time
- Change out the tower height at any time

Pretty SMART, don’t you think?

The WULFTEC ADVANTAGE:
- Allen Bradley PLC for more flexibility
- AC variable frequency drives and motors
- Heavy-duty steel construction
- NO-THREAD® powered pre-stretch carriage
- Superior warranties:

Unbeatable performance
Wulftec® stretch wrappers are well-known for their exceptional strength, durability and reliability -- no matter how harsh your environment may be.

Homeowners can also save on energy costs with Wulftec®. The SMART™ machine optimizes performance, ensuring energy efficiency and reduced costs. Whether you’re a small business owner looking to cut down on expenses or a large industrial company seeking to maintain high standards, Wulftec® is the solution for you.

- Lifetime warranty on pre-stretch rollers’ blue compound
- 10-year warranty on structural frame
- 4-year unlimited cycle warranty

For every need, there’s a SMART solution

Need:
A heavy-duty turntable to handle a 6,000 lb. load with a full range of wrapping patterns and the possibility to do program changes later.
SMART solution:
Model SMH-HV-D
A extra-heavy-duty 51”, 8,000 lb. capacity high-profile ring-gear driven turntable equipped with an 80” wrap height tower, 20” NO-THREAD® powered pre-stretch carriage and a deluxe control panel.
