

You spoke and we listened!

**MOVE
NEW HAVEN**
Transit Mobility Study

Through a series of outreach meetings and subjective surveys about the CTtransit New Haven system (in 2014 and 2016), bus and non-bus riders provided suggestions that will be considered in the *Move New Haven Transit Mobility Study*, including these:

- Improve frequency of service
- Reduce headways during peak hours
- Provide more bus information at bus stops
- Upgrade quality of service
- Make service more user-friendly
- Offer real-time information of when the bus will arrive
- More night service to accommodate the end of the work shift
- Reconsider the Downtown New Haven Green as the only bus hub for transfers
- Increase weekend service to access jobs and transfer to rail connections
- Coordinate bus schedules with the departure and arrival of Metro-North and Amtrak at Union Station and State Street Station

You can play a role in planning for New Haven's future!

Community Engagement Committee Meetings (March 22nd, May 11th, August 24th, and November 1st, 2017)

Virtual Public Workshops in April and September 2017
