

Society Name: Anthropology Society

President's Name: Alison Armstrong  
Contact: x2014idq@stfx.ca

Description:

The Anthropology Society is an academic society run by third and fourth year anthropology students. We are here to help out with your course work, make connections with like-minded students, and plan events throughout the year to help students and faculty get to know each other. Anyone in anthropology or interested in the subject is invited to join us at any of our events, or reach out for help with your studies.
