

Society Name: Education Students' Society

President's Name: Zachary Flower
Contact: x2016pey@stfx.ca

Description:

The Education Student Society prides itself on inclusion and strives to create a safe space for students from all walks of life through fair and equitable practice.

We create a student community by fostering a collective voice and consistently build relationships through various activities.

All executive members have positive space training one and two. This important as we want the students here at X to know that we are allies. So please, stop by X-Hall. You can bet there will be a few Ed students happy to chat!
