Description:

The StFX Young Liberal Society is welcoming to all, like those who enjoy getting to know other students that are engaged and passionate about society and politics! We love having fun and are looking for students with an interest in getting involved in the society and future elections. If you want to see if you're interested in politics, this is a wonderful place to start! We've even had some pretty cool opportunities, like meeting a certain Prime Minister! Look out for the StFX Young Liberal Society on Frosh Week's Society Night.
