New sixth form dress code – September 2017

Dear Parent(s) and Carer(s)

We would like to make you aware of the new sixth form dress code which will be implemented from September 2017 in both years 12 and 13, and attach a copy of the new dress code policy for your information.

The new policy has been agreed after a parent and teacher consultation period as well as full approval from the school governors.

As you will see from the examples of professional clothing and the recommended sources of where to buy said items, we have given careful consideration to the issue of availability and cost.

We trust that you will give your full support to this change of policy and can appreciate that this is being implemented for the benefit of your son/daughter's academic success.

Yours faithfully,

Head of 6th form

Head of Year 13
