
Our History

Pine Forest School, a nonprofit organization, was established in 1995. Opening the school was the realization of a dream for education in Flagstaff, Arizona.

Our School

Art is used to introduce and retain academic material.

- Celebration of Student Work
- Character-Building
- Creative Problem-Solving
- Cultivation of Imagination
- Curriculum Focus in Kindergarten to Grade 8:
 - Art
 - Foreign Language
 - Music
- Experiential Learning in Math and Science
- Experiential Learning in the Natural World
- Nurturing of Growth and Discovery
- Observation of Human Relationship to Nature
- Social Development and Student Interaction
- Respect for Beauty and the Value of Childhood

Why Pine Forest School?

From **Kindergarten** to **Grade 8**, children experience academic material via the scope of movement, age-appropriate discussion, and detailed, artistic exploration. Throughout their education and development, *Pine Forest School* children are challenged and inspired. We foster the development of educational pride and academic ownership. At *Pine Forest School*, the student is involved as an active participant in their own education.

Our Vision

Pine Forest School was founded on the impetus to inspire wonder, imagination, and academic excellence in young people.

Pine Forest School is dedicated to creating an environment in which intellectual, emotional, and physical potential are elicited in a sustainable environment.

Guided by the **Core Principles of Public Waldorf Education**, children are prepared to lean into the future with the confidence and knowledge required to create a better, more interesting world.

Young people are educated to promote global citizenship, ethical character, and truth.

Graduates of Pine Forest School enter high school accountable; prepared to advocate for innovative learning, the community-at-large, and for the value in individual thought. Pine Forest School is educating youth to bend the arch of history toward positive change and global justice.
