

Debbie Purifoy

Nashville, TN

Debbie is unlike most number crunchers, in that she's a dreamer's dreamer! Her attention to detail makes everything she does for people magical, so she's the perfect person to bring our dreams in the Sunshine Club to a reality for each child, family, or social worker we can!

Originally from Arkansas, Debbie loves the Razorbacks just a little bit less than she loves her two precious granddaughters. She and her husband, David, have been married for 38 years and have 4 beautiful grown children.

Debbie has been working in ministry with people most of her life. With her background in accounting, she has always been the administration side of the businesses that she and her husband have developed. Her love for kids has driven her to be involved with youth from preschool age through high school and college. As a mentor for young women, she has been able to share her heart for hope and purpose with those she has the opportunity to love on. She developed a curriculum for older teens to mentor younger girls and implemented it city wide with groups across the area.

She has a heart that beats for healthy families and has dreamed of being in a place where she can pour into families with hope and help. TAK is the perfect fit for her, especially working with the kids through the Sunshine Club.

Most recently, Debbie is employed at Cross Point Community Church where she works with the financial team and gets the privilege of being a part of a tremendous staff.
