

Rock Samples

WAVESTONE
Sculpture

Wavestone can replicate any rock type and color. The two most popular rock types are granite and basalt. We make our own custom rubber stamps from real rocks in combination with various sculpting techniques to achieve the highest level of realism. Just tell us what type of rock you like and we can replicate it.

Vancouver Basalt

Coastal Metamorphic

Aged Limestone

Rough Basalt

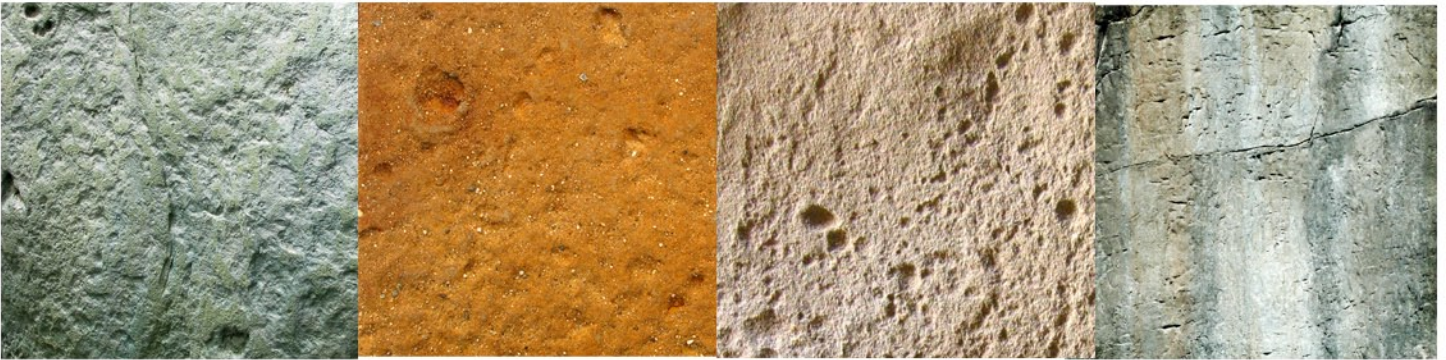

Whistler Granite

Clean Granite

Rundlestone

Graphite

Forest Moss

Sedona Earth

Caribbean Limestone
