Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

M. Bhuvana Parameshwari

M.A. Economics
Bharathidasan University

Along with her younger sister Rajani Devi, Bhuvana lost her mother at a young age and recently lost her father last year (2019). They both now find themselves under the care and financial support of their 74-year old grandmother, who works as a housemaid to support their education. They have no other relatives who are willing to support them, so Bhuvana tries to contribute as well by working part-time in a supermarket in the evenings to help cover the cost of her own education.

Despite family and cultural pressure to get married, Bhuvana and her sister are both committed to resisting these forces and to pursuing a meaningful education. With this spirit, she is currently completing her Bachelors in Economics at a university in Trichy and hopes to continue her studies without interruption by pursuing a Masters degree in Economics at Bharathidasan University in Trichy. Her dream is to one day become a professor. To meet the full cost of her education, Bhavana needs financial support.

For just $30/month, you can make Bhuvana’s university dreams a reality!

Bhuvana is one of the young women selected for the next batch of Visions scholarship youth for 2020. To reach our goal, we need your help! Through the Visions Youth Guidance & Support Program, Bhuvana is eligible for financial support to cover her university fees, related expenses, mentorship & counseling, leadership development training, and more. To-date, we have sponsored 24 youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. Please join us by setting up a recurring contribution of just $30/month and we will keep you informed of her progress over the next year!
