Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

S. A. Sasikala
B.Sc. Physics
The Standard Fireworks Rajaratnam College For Women, Sivakasi

Sasikala is known for her fiery spirit, inherent leadership abilities, hard-working nature and strength of character. When she was child, she lost her mother. Her father alone has been providing for her and her 2 sisters by working for a printing press, which is hard work that pays low wages.

Sasikala is an avid reader and is recognized by her peers for her honesty and strong leadership qualities. Her dream is to become an Indian Space Research Organisation (ISRO) scientist or to work for NASA and to explore space. To realize her aspirations, she needs financial support for her immediate goal of completing her Bachelor of Science in Physics.

For just $30/month, you can make Sasikala’s university dreams a reality!

Anthony is one of the young women selected for the next batch of Visions scholarship youth for 2020. To reach our goal, we need your help! Through the Visions Youth Guidance & Support Program, Anthony is eligible for financial support to cover her university fees, related expenses, mentorship & counseling, leadership development training, and more. To-date, we have sponsored 24 youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. Please join us by setting up a recurring contribution of just $30/month and we will keep you informed of her progress over the next year!
