Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

M. Karthiga Devi
Bachelor of Computer Application (BCA)
Ayya Nadar Janaki Ammal College, Sivakasi

Karthiga is determined and innovative. She has overcome a number of hardships, including losing her mother when she was just 2-years old. The eldest of three girls, Karthiga’s father was initially not supportive of her desire to get an education, as he did not associate formal schooling with generating income for the family. Despite his objections, Karthiga patiently built her arguments for the importance of going to school and won him over. He is now supportive of her college ambitions, provided she will start earning a decent salary after graduation.

Karthiga loves fashion technology and designing clothes. It is her dream to apply her skills in design to create low-cost dresses for poor children. She is planning to pursue a 3-year Bachelors in Computer Application (BCA) program for which she needs financial support. This help will mean breaking cycles of poverty for the family and is a step towards recognizing Karthiga’s full potential.
