Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

R. Periya Nayagi
Bachelors of Education (B.Ed.)
Immaculate College of Education for Women, Pondicherry

Presently living in a convent in Pondicherry, Periya is the first in her family to earn a higher education degree. Her mother has a terminal illness and her father struggles with health problems of his own. Despite significant financial hardships, she has managed to meet the fees of her current schooling (in which she is now in her final year of a BA English program at Annamalai University) by working as the convent’s hostel warden. In the little spare time that she has, she devotes her resources to helping others, such as personally ensuring that her siblings regularly attend school and helping convent staff with taking care of abandoned babies.

A natural leader, Periya’s dream is to continue her education without interruption by going directly into a B.Ed. program, which is a requirement for becoming a government teacher. Unfortunately, despite her persistence and hard work, her current salary is not enough to pay for the two years of her program. Without financial assistance, she will be unable to pursue this degree. For young women like her, any interruption to her education could likely result in a marriage being arranged for her, having to work a low-wage job, and very possibly not realizing her dreams.

For just $30/month, you can make Periya’s university dreams a reality!

Periya is one of the young women selected for the next batch of Visions scholarship youth for 2020. To reach our goal, we need your help! Through the Visions Youth Guidance & Support Program, Periya is eligible for financial support to cover her university fees, related expenses, mentorship & counseling, leadership development training, and more. To-date, we have sponsored 24 youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. Please join us by setting up a recurring contribution of just $30/month and we will keep you informed of her progress over the next year!
