Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

A. Asha Mercilin
B.A. English
Idhaya Arts and Science College for Women, Pondicherry

Growing up in Cuddalore, Tamil Nadu, Asha and her family have known great hardship. Both her parents suffered major injuries that have left them both largely incapacitated. Her elder brother was forced to abandon school early and became the sole breadwinner for the family. Under such conditions, the family has struggled greatly with poverty and even to meet the expenses of the parents’ ongoing medical needs. Today, Asha finds herself living in an orphanage. At university, she has been unable to pay her mess hall fees, which is a great source of stress for her.

Despite these challenges, Asha remains a committed and driven student. Having participated in a Visions leadership training earlier, she was inspired to realize her dreams and see through her academic ambitions as a first step. Asha’s hope is to become a college professor to help young women like herself develop the tools to realize their potential. To meet her goal, she needs support to cover the remaining 2 years of tuition for her B.A. English degree. In the future, she is also planning to pursue a second B.A. in Education (a 2-year program).

For just $30/month, you can make Asha’s university dreams a reality!

Asha is one of the young women selected for the next batch of Visions scholarship youth for 2020. To reach our goal, we need your help! Through the Visions Youth Guidance & Support Program, Asha is eligible for financial support to cover her university fees, related expenses, mentorship & counseling, leadership development training, and more. To-date, we have sponsored 24 youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. Please join us by setting up a recurring contribution of just $30/month and we will keep you informed of her progress over the next year!
