Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

A. Jancy Priya
BSc Nursing Candidate
Narayana Hrudayalaya College of Nursing
Bangalore, India

A native of a small village in Tamil Nadu, Priya’s dream is to become a critical care nurse. A driven leader, her goals are shaped by her early childhood experiences. At a young age, Priya witnessed her mother navigate severe domestic violence by her father and later by her brother-in-law. Priya herself was placed in an orphanage while her mother searched for work. Instead of losing confidence, these lessons fueled Priya’s passion to help those suffering from physical trauma and to play a role in their healing.

In 2019, Priya took a leap towards achieving her goals and completed her first year of nursing school with financing from personal savings. Unfortunately, with three years left in her program, Priya’s has run out of money. Her mother struggles with recurrent health problems and low wage earnings. In order to continue her university studies and realize her goals, Priya needs support to cover the remaining costs of her education.

For just $30/month, you can make Priya’s university dreams a reality!

Priya is one of the young women selected for the next batch of Visions scholarship youth for 2020. To reach our goal, we need your help! Through the Visions Youth Guidance & Support Program, Priya is eligible for financial support to cover her university fees, related expenses, mentorship & counseling, leadership development training, and more. To-date, we have sponsored 24 youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. Please join us by setting up a recurring contribution of just $30/month and we will keep you updated with her progress over the next year!
