Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

V. Anitha
Bachelor of Law

Currently finishing secondary school, Anitha just turned 18 years old. Her dream is to become a lawyer. Whenever she hears her mother speaking about how her relatives have cheated them, she counsels her mother, saying that one day justice will prevail. Her parents are both daily laborers earning meager wages. Her brother is still in school. Her father currently struggles a lot to simply pay their basic school fees and expenses.

If she passes the entrance test to study for a Bachelor of Law degree, she should gain admittance into any of the government law colleges and have to pay only a small fee, though she will only be able to meet these expenses with outside support.

Anitha is a good orator. She participates in most of the school competitions. When the school participated in a protest against the new educational policy of the central government, she was one of the leaders at the forefront organizing everyone. She says that she hopes to one day be the people’s lawyer (“Makkal vakeel”).

For just $30/month, you can make Anitha’s university dreams a reality!

Anitha has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Anitha is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
