Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

B. Maariamal
Bachelor of Commerce (BCom)
Kalasalingam Arts and Science College, Krishnankoil

Maariamal grew up in a single parent household with a mother who worked tirelessly in a nearby cotton mill to provide a basic income for the family. From an early age, she began helping her mother with household accounts and often accompanied her to the bank and to her meetings with the local Self-Help Group (SHG) to which her mother belongs. Over time, Maariamal began to notice hundreds of women who were unable to fill forms to access their welfare benefits. As she herself is familiar with the forms and able to assist, she is now a regular volunteer and often spends half a day at the bank helping women such as this.

Given her experiences, Maariamal aspires to become a bank officer in order to better serve the women in her community and to do so with empathy and respect. To realize her dream, she needs financial support to continue pursuing a Bachelor of Commerce degree. She has completed her first year already of this 3-year program.

For just $30/month, you can make Maariamal’s university dreams a reality!

Maariamal is in need of a sponsor to continue with her university studies. Under the Visions university scholars initiative, Maariamal is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
