Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

A. Maria

*Bachelors of Commerce*

Maria is seventeen years old and currently finishing secondary school. Her father is paralyzed and in poor health. Her mother is a domestic worker in the neighboring state of Kerala, which is far away from Maria, and is the only working member of the family. Her income is barely enough to sustain their daily living expenses, and the family has no savings. Maria lives with her father and grandmother in a thatched house. Without financial support, she will not be able to continue with her education.

Maria would like to go to a college far away from her family and relatives. She is highly motivated. She takes great pride in keeping her class and school premises clean. As soon as she comes to school each day, she takes a broom and starts cleaning. Her teachers say that she is a role model to other girls and that they respect her tremendously because of her positive attitude and determination.

Maria has a friendly and accommodating disposition, and wishes to work as a banker one day. In university, she hopes to study commerce and is currently looking for a reputable institution.

For just $30/month, you can make Maria’s university dreams a reality!

Maria has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Maria is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more.

Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
