Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

K. Keerthana
B.Sc. Nursing

Keerthana had a difficult childhood. Her father died of a heart attack when she was 12 years old. Her mother is a day laborer. Her brother had completed his studies in an Industrial Technical Institute with the support of their uncle. He is in now search of a more suitable job, as he is currently working as a salesman in a textile shop. The family income is not sufficient to meet their day-to-day expenses.

When she graduates secondary school this year, Keerthana wants to become a nurse. Her friends shared that Keerthana has always played the role of a nurse in their lives when they play. She is highly active in our Visions after-school Learning & Empowerment Center in her village of Karuthuvambadi. As a matter of fact, the center would not be the same without Keerthana. Her leadership qualities are exemplary. She motivates her peers to attend leadership trainings and regularly picks up trash to keep the space clean. She often advises students not to throw paper and litter everywhere. She even made a dustbin with cardboard and asked her friends to put the waste inside the box. Her school appreciates her for her leadership and her sense of initiative as well.

For just $30/month, you can make Keerthana’s university dreams a reality!

Keerthana has been selected to join the next batch of Visions university scholars for 2021. Under our this initiative, Keerthana is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
