Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

R. Nithya
B.Sc. Nursing

Nithya’s father works as an Office Assistant at the Puthupalayam Public Health Centre where he earns very little. Her mother sells vadai in the evening. They have to provide for their family of seven, including Nithya’s grandparents, and have little resources to do so, let alone to pay for a university degree.

Nithya’s ambition is to become a nurse. She often pays visits to the public office where her father works and watches the nurses work. When she can, she helps the patients who cannot walk. She wants to focus on her studies so that she may become a nurse and one day help accident victims.

She regularly attends the Visions after-school Learning & Empowerment Center in Nathavadi (Tiruvannamalai). She credits the support she has received at the center with why she now ranks first in her school. Her leadership qualities come naturally, and others have commented that she is an admirable and trustworthy person. Whenever the Visions Community Worker is absent or needs support, Nithya takes charge and oversees all the other children.

For just $30/month, you can make Nithya’s university dreams a reality!

Nithya has been selected to join the next batch of Visions university scholars for 2021. Under our this initiative, Nithya is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
