Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

D. Rebecca
B.Sc. Nursing

Rebecca’s father is a farmer. They only have one acre of farmland, and their income is not sufficient to meet their family expenses. Rebecca is the eldest daughter in the family. Her dad is active in the community and volunteers at the Visions after-school Learning & Empowerment Center in her village of Kolakkaravadi (Tiruvannamalai, Tamil Nadu).

When she completes secondary school this year, Rebecca wants to study Nursing at university. She has always imagined herself as a head nurse in a government hospital. Rebecca regularly attends the Visions leadership training, where she usually takes the lead in community service projects and celebrations. She is an inspiration to other girls in the village.

When she achieves her dream and becomes a nurse, she wants to give back to her community by donating what she can through her earnings to help expand access to education for other girls and young women like her.

For just $30/month, you can make Rebecca’s university dreams a reality!

Rebecca has been selected to join the next batch of Visions university scholars for 2021. Under our this initiative, Rebecca is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
