Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

B. Suba

B.Sc. Nursing

Suba’s father is a painter. He recently had an accident at work which caused injury to his ribs and is now unable to work. Her mother is a municipal sanitary worker in their village. She has two sisters. Her parents unfortunately showed little interest in educating their 3 girls for most of their lives. After Suba talked to a community worker about her wish to continue her education, her parents received counseling and thankfully changed their minds. They cannot afford to pay for her university fees, but they wish to see her move on with her studies and to succeed in life.

Suba wants to be a nurse. She wants to serve the poor and elderly in her community. She takes her studies very seriously and regularly attends the Visions after-school Learning & Empowerment Center in her village of Alagananthal (Tiruvannamalai, Tamil Nadu). When she completes secondary school this year, she hopes to study BSc Nursing at a local reputable college, following in the footsteps of many previous Visions scholars who have done the same and have since secured employment.

For just $30/month, you can make Suba’s university dreams a reality!

Suba has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Suba is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
