Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

V. Gayathri  
*BSc Nursing*

Gayathri’s father passed away when she was an infant. Her mother suffered from mental illness and deserted Gayathri when she was 13 years-old. From that age on she has lived in a home run by religious sisters. Gayathri is hard-working and intelligent. She strives hard to perform well in her studies. She always helps other students who struggle, especially in science subjects.

Gayathri wants to pursue her higher studies in nursing. The religious home is not in a position to support her or other students financially. Her goal is to serve the needy and to help those who are not able to afford medical treatment. She wishes to work with mentally ill patients in particular and thinks of her mother often.

For just $30/month, you can make Gayathri’s university dreams a reality!

Gayathri has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Gayathri is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
