Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

M. Karpagam

Fashion Technology

Karpagam and her sister Karpaga Valli are both in the 12th grade. Their parents work as day laborers. Their father is a barber and works for a salon. They do not have a house of their own and are living in their uncle's house. The school administration helped both sisters to attend and afford school through Grade 12 but is not able to support them any further.

Karpagam loves tailoring. Even her teachers appreciate her fashion sense and what she is able to create. She is a skilled orator as well. Whenever she addresses her school at assemblies or events she encourages the girls and tells them not to give up on their ambitions under any circumstances. Others describe her as both fierce but kind, and she is very well liked. Her aspiration is to study Fashion Technology and to one day become a fashion designer.

For just $30/month, you can make Karpagam’s university dreams a reality!

Karpagam has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Karpagam is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
