Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

Maariammal

Diploma in Nursing (Dialysis)

Maariammal is a from a lower middle-class family. Her mother works in a textile company where her income is just enough to feed Maariammal, her sister and her brother. Her father has his own hardships and is not actively involved in providing for the family. Her brother sadly could not continue his dream of studying photography due to the family’s financial constraints.

Maariammal is an intelligent student. She is at the top of her class, yet remains down to earth in demeanor. She believes it is her responsibility to help support and uplift her fellow peers and that it is a wonderful opportunity to be able to support others in that way.

She would like to one day become a nurse and specialize in dialysis. Her uncle, who used to support her mother, sadly died because of kidney failure. She used to take care of him and says she wants to support people like him who have to go through dialysis.

For just $30/month, you can make Maariammal’s university dreams a reality!

Maariammal has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Maariammal is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
