Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

Ezhilarasi
Bachelor of Commerce

Ezhilarasi’s father is a farm laborer. Her mother does not work and looks after her grandma, who is aged and sick. Her uncle gave her parents a loan for the education of her sister, who is in college, but asks for interest on the loan. Her mother told Ezhilarasi that she should not dream about going to college because the family cannot afford it. Ezhilarasi, however, has not given up hope. She has been asking her peers whether they know of any institution that educates poor girls. That is how she came to know Visions and since then has taken the initiative to request support. She went as far as proposing to return the money after getting employed.

She would love to one day be a banker because she loves counting money and she loves the idea of helping other girls like her. She thinks that if she works as a banker, she can provide educational loans to many girls and young women in the future.

For just $30/month, you can make Ezhilarasi’s university dreams a reality!

Ezhilarasi has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Ezhilarasi is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
