Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

S. Anthony
Bachelor of Commerce

While the Visions India university scholars program is usually reserved for girls only, every once in awhile we come across an exceptional young man in great need and do our best to help. Anthony is one of those wonderful young men. He is from a very poor background and has no father. The college he went to lured him to register for a course in their polytechnic school without telling him the real fees. On the day of admission, they asked him to pay 15,000 rupees (USD $212) per semester. He was shocked. His mother cried before the administrators, but they would not budge and even refused to return his original school leaving certificate and caste certificate. He had to drop out and feels very jaded and disappointed by this experience.

Despite these challenges, he has not lost hope. His wish is to work in a bank. He aims to study Commerce in a government college. He feels that he has wasted a year, but he has registered for a couple of free online courses. He keeps saying that no student should be cheated and no student should be unable to study because of poverty. Visions India has sent him motivational videos and life stories of successful leaders. He says he has been motivated by those and is thankful for the support and encouragement.

For just $30/month, you can make Anthony’s university dreams a reality!

Anthony has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Anthony is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
